THE UTTP EVIDENCE DOCUMENT

UTTP & RUTTP

It's February 2024 as I'm writing this, and I’m here to inform and spread the toxicity and evil of the UTTP.
The most widely known part of the UTTP is their comment spam bots, which are annoying, HOWEVER, replying to these comments would give them attention, which is what they seek.
The name UTTP ironically stands for UTubeTrollPolice, However, the UTTP is more of a troll group than they are anti-trolls. The UTTP is not new at all, from Knowyourmeme, they originated in 2011, and they have also attacked Google+. Their main goal is to ‘destroy YouTube’ or ‘destroy ANYTHING’
They seemed to hate every fandom that was popular and or in trend in the past, the UTTP often said racist and homophobic things, which I can confirm, as I have raided the UTTP discord server, they often follow satanism, neo-nazism, Ku Klux Klan (KKK), and communism.
Their popular image is called ‘Police clipart
They proceed to change this image to it sticking up the middle finger, emojis for a face, holding

guns, and which they make look very weird and some are even inappropriate.

It is intended for cartoons, however, the UTTP decided to adapt this image, the UTTP uses this variant, however, the RUTTP/Tyranny side of UTTP uses a red and black variant.

The TYRANNY/RUTTP Side of UTTP is against UTTP and the AUTTP (Anti-UTTP)
The RUTTP and UTTP are the bad ones
With the AUTTP being the good ones.
The RUTTP stands for ‘RetroUTubeTrollPolice’ and says they are better than UTTP, however, the RUTTP is just an exact copy of the UTTP. The UTTP and RUTTP claim to follow all TOS of whatever platform they’re on, however, let’s use Discord as an example, With the TYRANNY/RUTTP Discord servers, they claim to follow discord TOS, however, they consistently raid youtube videos, streams, and servers and have yet to get caught.
They claim to have raided AUTTP servers like 8 times and proceed to say the AUTTP doesn't exist.

They also harass any youtuber who mentions them, and when they harassed Danno Cal Drawings, they asked minors to cut ‘danno’ into their arm.
The UTTP also have told minors to commit suicide or they would leak child porn of them.
They send videos of animal abuse such as skinning and killing animals.
I hope authorities take immediate action to stop the UTTP and RUTTP
According to Urban Dictionary, they hate all listed below:

MY MESSAGE TO PARLO FANS AND HIS DISCORD SERVER: I see no reason to why hating niggers is a bannable offense. Niggers are sheltering islamotards that come all the way from their shitty decaying country with their homemade boats which I'm suprised they've managed to find materials to build them AND most of all that their damaged black monkey brain managed to formulate how to do so. All of this with the excuse of "diversity is our strenght" diversity is your strenght because we (our shitty government) allow you to exist on this shitty planet that should go exctinct. You shitty monkey niggers should fuck off and stop staining my country with your presence. Consider unbanning me and I wish you a non niggerous day.
